EXPERIENCE

FREELANCE WEBSITE

- My freelancing site that allows potential clients to contact me regarding their website needs
- Contact form validated on the server with PHP
- CSS and JavaScript concatenated and minified using Gulp
- Built with Bootstrap, Sass & jQuery

COFFEE SHOP WEBSITE

- Design based off Webflow's Cafe template
- Scroll animations built with AOS.js
- Strip.js used to create the gallery lightbox
- Built with HTML, Sass & jQuery

SELF STORAGE WEBSITE

- Developed without the use of frameworks or libraries
- Local storage token determines if cookie consent gets displayed
- Size guide tabs & FAQ accordion sections
- Built with HTML, Sass & JavaScript

BLACKCAB TOURS WEBSITE

- Site that allows users to find info on and book tours around Belfast
- Booking form validated using jQuery Validation Plugin
- Responsive & mobile friendly
- Built with Bootstrap, Sass & jQuery

HOUSE & STOCK - SELF STORAGE
Administrator (October 2013 - Present)

- Collaborating as part of a 4 person team to increase sales year over year
- Effectively communicating with colleagues, customers and suppliers to ensure the facility functions smoothly
- Working under pressure to meet monthly deadlines
- Problem solve issues as and when they arise so that the facility keeps to its high standards
